**PROXY STATEMENT
OF
OAK VALLEY BANCORP**

**ANNUAL MEETING OF SHAREHOLDERS OF
OAK VALLEY BANCORP
TO BE HELD ON JUNE 18, 2019**

GENERAL INFORMATION FOR SHAREHOLDERS

The following information is furnished in connection with the solicitation of the accompanying proxy by and on behalf of the Board of Directors of Oak Valley Bancorp (the "Company") for use at the Annual Meeting of Shareholders (the "Annual Meeting") to be held at Oak Valley Bancorp Headquarters at 338 E F Street, Oakdale, California 95361, on June 18, 2019, at 2:00 p.m.

Shareholders Entitled to Vote

Only shareholders of record at the close of business on April 24, 2019, (the "Record Date") will be entitled to notice of, and to vote, at the Annual Meeting. On the Record Date, the Company had 8,209,750 outstanding shares of its common stock, of which 8,209,750 will be entitled to vote at the Annual Meeting and any adjournments thereof. This Proxy Statement will be first mailed to shareholders on or about May 6, 2019.

Vote By Proxy

Because many of the Company's shareholders are not expected to attend the Annual Meeting in person, the Company solicits proxies so that each shareholder is given an opportunity to vote at the Annual Meeting. Shares represented by a duly executed proxy in the accompanying form of proxy card, received by the Board of Directors prior to the Annual Meeting, will be voted at the Annual Meeting. A shareholder executing and delivering the proxy may revoke the proxy at any time prior to exercise of the authority granted by the proxy by (i) filing with the secretary of the Company an instrument revoking it or a duly executed proxy bearing a later date; or (ii) attending the Annual Meeting and voting in person. A proxy is also revoked when written notice of the death or incapacity of the maker of the proxy is received by the Company before the vote is counted. If a shareholder specifies a choice with respect to any matter on the accompanying form of proxy, the shares will be voted accordingly. If no specification is made, the shares represented by the proxy will be voted in favor of the specified proposal.

Methods of Voting

Shareholders may vote on matters that are properly presented at the 2019 Annual Meeting in one of the following four ways:

- By submitting your vote electronically via the Internet at www.investorvote.com/OVLY;
- By submitting your vote telephonically;
- By completing the proxy card and returning it in a pre-paid envelope provided by the Company if you have requested a paper copy of the Proxy Materials; or
- By attending the 2019 Annual Meeting and casting your vote in person.

For the 2019 Annual Meeting, the Company is offering registered shareholders the opportunity to vote their shares electronically through the Internet or by telephone. The telephone and Internet voting instructions are provided in the proxy card as well as in the Proxy Notice dated May 6, 2019. The telephone and Internet voting procedures are designed to authenticate shareholders' identities, to allow shareholders to give their voting instructions, and to confirm that shareholders' instructions have been recorded properly. Shareholders voting through the Internet should understand that they may bear certain costs associated with Internet access, such as usage charges from their Internet service providers.

If a shareholder chooses to submit the vote by mail instead, the shareholder should request a paper copy of the Proxy Materials, and Company will send the shareholder the proxy card along with the rest of the Proxy Materials as well as a pre-paid envelope. The shareholder then would cast the shareholder's vote by signing and returning the proxy card in the pre-paid envelope to the Company. There is no charge to a shareholder for requesting a paper copy of the Proxy Materials. If you wish to receive a paper copy of the Proxy Materials, you must request a copy as instructed below on or before June 7, 2019 to ensure timely delivery.

Method of Counting Votes

A holder of common stock of the Company is entitled to one vote for each share held of record by such holder. No holder of any class of stock of the Company is entitled to cumulate votes in connection with any election of directors of the Company.

The proxy holders, Richard A. McCarty and Jeffrey A. Gall, both of whom are officers of the Company, will vote all shares of Common Stock represented by the proxies unless authority to vote such shares is withheld or the proxy is revoked. However, the proxy holders cannot vote the shares of the shareholder unless the shareholder signs and returns a proxy card. Proxies also confer upon the proxy holders, discretionary authority to vote the shares represented thereby on any matter that was not known at the time this Proxy Statement was mailed, if such matter is properly presented for action at the Annual Meeting, including any motion to adjourn and any procedural matter pertaining to the conduct of the Annual Meeting. The total expense of soliciting the proxies in the accompanying form will be borne by the Company. While proxies are normally solicited by mail, proxies also may be solicited directly by officers, directors and employees of the Company or its subsidiary, Oak Valley Community Bank (the "Bank"). Such officers, directors and employees will not be compensated for this service beyond normal compensation to them.

All abstentions and broker non-votes are included in the determination of the number of shares present and voting for the purpose of determining whether a quorum is present, and each is tabulated separately. Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters, if the beneficial owner of the shares has not provided instructions to the broker on how to vote such shares. A "broker non-vote" occurs when a broker does not vote on a particular matter because the broker has not received instructions from the beneficial owner of the shares and does not have the discretion to vote such shares. The ratification of the selection of the Company's independent registered public accounting firm is a routine matter on which brokers have the discretion to vote if the owner of shares has not provided voting instructions. The election of directors is a non-routine matter on which a broker may not vote unless the beneficial owner of shares has provided voting instructions.

Unless contrary instructions are indicated on the proxy, all shares represented by valid Proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted as follows:

- **FOR** the election of all nominees for director named herein (Proposal No. 1);

- **FOR** ratification of the selection of RSM US LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2018 (Proposal No. 2);
- **FOR** the non-binding advisory resolution to approve the compensation of the Company’s Named Executive Officers under (Proposal No. 3); and
- **FOR 3 YEARS** for the non-binding advisory vote on the frequency of the advisory vote on the compensation of our named executive officers (Proposal No. 4).

In the event a shareholder specifies a different choice on the proxy, the shareholder’s shares will be voted in accordance with the specification so made. In addition, such shares will, at the proxy holders’ discretion, be voted on such other matters, if any, which may properly come before the Annual Meeting (including any proposal to adjourn the Annual Meeting and any procedural matter pertaining to the conduct of the Annual Meeting). Boxes and a designated blank space are provided on the proxy card for shareholders to mark if they wish either to abstain on one or more of the proposals or to withhold authority to vote for one or more nominees for director.

A copy of the Company’s Annual Report to Shareholders for the fiscal year ended December 31, 2018 is available at www.edocumentview.com/OVLY, and is incorporated herein by reference. You may request a paper copy of the Annual Report and other Proxy Materials by contacting:

Vote Required For Election of Directors

Four (4) nominees receiving a plurality of the votes cast at the Annual Meeting will be elected as directors. This means that the four (4) nominees who receive the largest number of votes cast are elected as directors. Withholding authority to vote for a director nominee and broker non-votes on the election of directors will not affect the outcome of the election. **Our Board of Directors unanimously recommends that you vote FOR the election of each of its director nominees.**

Ratification of Selection of Independent Accountants

The affirmative vote of a majority of our shares of common stock present in person or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the selection of RSM US LLP as our independent registered public accounting firm for 2019. Abstentions will be treated as present and entitled to vote and therefore will have the same effect as a vote against this proposal. **Our Board of Directors unanimously recommends that you vote FOR the proposal to ratify the appointment of RSM US LLP as our independent registered public accounting firm for the year ending December 31, 2019.**

Advisory Proposal on the Company’s Executive Compensation

The affirmative vote of a majority of our shares of common stock present in person or represented by proxy and entitled to vote at the Annual Meeting is required to approve this proposal. Abstentions will be treated as present and entitled to vote and therefore will have the same effect as a vote against this proposal. Broker non-votes will not affect the outcome of the advisory vote. The results of this voting are not binding on the Board. **Our Board of Directors unanimously recommends that you vote FOR the adoption of an advisory resolution to approve our executive compensation as disclosed in this Proxy Statement.**

Advisory Proposal on the Frequency of the Advisory Vote on the Executive Compensation

The affirmative vote of a majority of our shares of common stock present in person or represented by proxy and entitled to vote at the Annual Meeting is required to approve this proposal. The results of this voting are not binding on the Board. **Our Board of Directors unanimously recommends that you vote FOR 3 YEARS for the adoption of an advisory resolution to approve the frequency of the advisory vote on our executive compensation as disclosed in this Proxy Statement.**

CORPORATE GOVERNANCE AND BOARD MATTERS

We are committed to having sound corporate governance principles, good business practices, and transparency in financial reporting. Having such principles is essential to running our business efficiently and to maintaining our integrity in the marketplace. Our Board of Directors continually reviews its governance policies and practices, as well as the requirements of the Sarbanes-Oxley Act of 2002, the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and the listing standards of the Nasdaq Stock Market, to help ensure that such policies and practices are compliant and up to date.

Board of Directors

Board Independence

A majority of the Board of Directors consists of independent directors, as defined by the applicable rules and regulations of the Nasdaq Stock Market, as follows:

Donald L. Barton
James L. Gilbert
H. Randolph Holder
Michael Q. Jones
Allison C. Lafferty
Daniel J. Leonard
Ronald C. Martin
Janet S. Pelton
Danny L. Titus
Terrance P. Withrow

The non-independent directors of the Board are Thomas A. Haidlen whom has related party transactions as described in the *Information About Directors and Executive Officers* section of this proxy statement below and Christopher M. Courtney, the Company's President and Chief Executive Officer.

Board and Committee Meeting Attendance

During the fiscal year ended December 31, 2018, our Board of Directors held a total of twelve (12) meetings. Each incumbent director who was a director during 2018 attended at least 75% of the aggregate of (a) the total number of such meetings; and (b) the total number of meetings held by all committees of the Board on which such director served during 2018.

Director Attendance at Annual Meetings of Shareholders

The Board believes it is important for all directors to attend the Annual Meeting of Shareholders in order to show their support for the Company and to provide an opportunity for shareholders to communicate any concerns to them. The Company's policy is to encourage, but not require, attendance by each director at the Company's Annual Meeting of Shareholders. All twelve of our current directors attended our Annual Meeting of Shareholders in 2018.

Communications with the Board

The Board of Directors has established a process for shareholders to communicate with the Board of Directors or with individual directors. Shareholders who wish to communicate with the Board of Directors or with individual directors should direct written correspondence to our Corporate Secretary at our principal executive offices located at 125 North Third Avenue, Oakdale, California 95361. Any such communication must contain (i) a representation that the shareholder is a holder of record of stock of the Company; (ii) the name and address, as they appear on our books, of the shareholder sending such communication, and (iii) the class and number of shares of our stock that are beneficially owned by such shareholder. Our Corporate Secretary may (but is not required to) review all correspondence addressed to the Board, or to any individual member of the Board, for any correspondence that more suitably directed to management. Communications may be deemed inappropriate for this purpose if, for example, it is reasonably apparent from the face of the correspondence that it relates principally to a customer dispute. Our policies regarding the handling of shareholder communications were approved by a majority of our independent directors.

Nomination of Directors

The Board as a whole identifies and evaluates nominees for election as directors. The Board utilizes a variety of methods for identifying and evaluating nominees for director. Although there are no specific minimum qualifications, the Board considers some or all of the following criteria in considering candidates to serve as directors:

- commitment to ethical conduct and personal and professional integrity as evidenced by the person's business associations; diversity efforts, service as a director or executive officer, involvement in other organizations (including any educational institutions), and any other commitment to ethical conduct and personal and professional integrity;
- objective perspective and mature judgment developed through business experiences and/or educational endeavors;
- the candidate's ability to work with other members of the Board of Directors and management to further the Company's goals and increase shareholder value;
- the ability and commitment to devote sufficient time to carry out duties and responsibilities as a director;
- demonstrated experience at policy-making levels in various organizations and in the areas that are relevant to our activities;
- the skills and experience of the potential nominee in relation to the capabilities already present on the Board of Directors;
- local community involvement; and
- such other attributes, including independence, that are relevant in constituting a board that satisfies the requirements imposed by the SEC and the Nasdaq Stock Market.

In addition to the factors discussed above, the Board regularly assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Board considers various potential candidates for director. Candidates may come to the attention of the Board through current Board members, shareholders or other persons. As described below, the Board considers properly submitted shareholder nominations for candidates for the Board. Following verification of the shareholder status of persons nominating candidates, nominations are aggregated and considered by the Board at a regularly scheduled meeting, which is generally the first or second meeting prior to the issuance of the proxy statement for our annual meeting. If any materials are provided by a shareholder in connection with the nomination of a director candidate, such materials are forwarded to the Board.

The Board does not have a formal written policy regarding consideration of director candidates recommended by shareholders. Instead, the Board considers all candidates who meet the requirements for nomination by a shareholder, based on the criteria discussed above. The Board believes that requiring shareholder nominations of director candidates to comply with specific requirements would create an unnecessary distinction and may limit the potential pool of qualified director candidates for the Board.

Term of Office

Directors serve for a three-year term or until their successors are elected. The Bylaws of the Company, as amended, authorize the Company to have a classified Board of Directors, divided into three classes, so long as the number of directors of the Company has been fixed at nine (9) or more directors. Currently, the Board has been fixed at twelve (12) directors. Pursuant to Section 3.3 of the Company Bylaws, in the event that the authorized number of directors is fixed at nine (9) or more, the Board of Directors is to be divided into three classes, designated Class I, Class II and Class III. Each class shall consist of one-third of the directors or as close an approximation as possible. Each director in each class is elected for a term running until the third annual meeting next succeeding his election, until his successor shall have been duly elected and qualified. Accordingly, each nominee director, if elected, will hold office as follows until his successor is duly elected and qualified for the following terms:

Nominee		Expiration of Term
James L.	Gilbert	2022 (1)
H. Randolph	Holder	2022 (1)
Janet S.	Pelton	2022 (1)
Danny L.	Titus	2022 (1)

(1) If elected at the June 18, 2019 meeting.

The following table indicates the terms of the incumbent directors who are not up for election at the 2019 Annual Meeting:

Nominee		Expiration of Term
Christopher M.	Courtney	2020
Michael Q.	Jones	2020
Allison C.	Lafferty	2020
Terrance P.	Withrow	2020
Donald L.	Barton	2021
Thomas A.	Haidlen	2021
Daniel J.	Leonard	2021
Ronald C.	Martin	2021

The Board does not have term limits, instead preferring to rely upon the evaluation procedures described herein as the primary methods of ensuring that each director continues to act in a manner consistent with the best interests of the shareholders and the Company.

Number and Composition of Board Committees

The Board may delegate portions of its responsibilities to committees of its members. These standing committees of the Board meet at regular intervals to attend to their particular areas of responsibility. Our Board has six (6) standing committees: Nominating Committee, Audit Committee, Loan Committee, Investment Committee, Compensation Committee and CRA Committee. An independent director, as defined by the applicable rules and regulations of the Nasdaq Stock Market, chairs the Board and its other standing committees. The chair determines the agenda, the frequency and the length of the meetings and receives input from Board members.

Committees of the Board

As of the date of this Proxy Statement, our Board had twelve (12) directors and the following six (6) committees:

- Nominating,
- Audit,
- Loan,
- Investment,
- Compensation, and
- CRA Committee.

Executive Sessions

Independent directors meet in executive sessions throughout the year including meeting annually to consider and act upon the recommendation of the Compensation Committee regarding the compensation and performance of the chief executive officer.

Evaluation of Board Performance

A Board assessment and director self-evaluations are conducted annually in accordance with an established evaluation process and includes performance of committees. The Chairman of the Nominating Committee, who is a rotating independent director, oversees this process and reviews the assessment and self-evaluation with the full Board.

Management Performance and Compensation

The Compensation Committee reviews and approves the Chief Executive Officer's evaluation of the top management team on an annual basis. The Board (largely through the Compensation Committee) evaluates the compensation plans for senior management and other employees to ensure they are appropriate, competitive and properly reflect objectives and performance.

Director Stock Ownership Guidelines

The Company's Bylaws require each Board member to hold shares of the Company's common stock. Although the Board has not fixed any particular target holding, each director is encouraged to hold Company's common stock for his or her own investment.

Code of Ethics

The Board expects all directors, as well as officers and employees, to display the highest standard of ethics, consistent with the principles that have guided the Company over the years.

We have adopted a Code of Ethics, which is posted on our Internet website at www.ovcb.com, under the "About Us" tab, in the "Investor Relations" section, at the link for "Governance Documents." Our Code of Ethics helps ensure that the financial affairs of the Company are conducted honestly, ethically, accurately, objectively, consistent with generally accepted accounting principles and in compliance with all applicable governmental law, rules and regulations. We will disclose any amendment to, or a waiver from a provision of our Code of Ethics on our website. Our Code of Ethics applies to our directors, executive officers, employees and consultants. Our Chief Executive Officer and all senior financial officers, including the Chief Financial Officer, are bound by our Code of Ethics.

Reporting of Complaints/Concerns Regarding Accounting or Auditing Matters

The Company's Board of Directors has adopted procedures for receiving and responding to complaints or concerns regarding accounting and auditing matters. These procedures were designed to provide a channel of communication for employees and others who have complaints or concerns regarding accounting or auditing matters involving the Company.

Employee concerns may be communicated in a confidential or anonymous manner to the Audit Committee of the Board. The Audit Committee Chairman will make a determination on the level of inquiry, investigation or disposal of the complaint. All complaints are discussed with the Company's senior management and monitored by the Audit Committee for handling, investigation and final disposition. The Chairman of the Audit Committee will report the status and disposition of all complaints to the Board of Directors.

The Board of Directors

The Board of Directors oversees our business and monitors the performance of management. In accordance with corporate governance principles, the Board does not involve itself in day-to-day operations. The directors keep themselves informed through, among other things, discussions with the Chief Executive Officer, other key executives and our principal outside advisors (legal counsel, outside auditors, and other consultants), by reading reports and other materials that we send them and by participating in Board and committee meetings.

The Company's Bylaws currently permit the number of Board members to range from seven (7) to thirteen (13), leaving the Board authority to fix the exact number of directors within that range. The Board has currently fixed the number of directors at twelve (12).

Board Leadership Structure

The Board of Directors is committed to maintaining an independent Board, and for many years a majority of the Board has been comprised of independent directors. It has further been the practice of the Company to separate the roles of Chief Executive Officer and Chairman of the Board in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company. The Chairman of the Board facilitates communication among the independent directors and between the independent directors and the Chief Executive Officer, presides over meetings of the full Board (including executive sessions) and runs the agenda of such meetings. The Board believes that the separation of the duties of the Chief Executive Officer and the Chairman of the Board eliminates any inherent conflict of interest that may arise when the roles are combined, and that an independent director can best provide the necessary leadership and objectivity required as Chairman of the Board.

Board Authority for Risk Oversight

The Board has ultimate authority and responsibility for overseeing risk management of the Company. The Board monitors, reviews and reacts to material enterprise risks identified by management. The Board receives specific reports from executive management on financial, credit, liquidity, interest rate, capital, operational, legal compliance and reputation risks and the degree of exposure to those risks. The Board helps ensure that management is properly focused on risk by, among other things, reviewing and discussing the performance of senior management and business line leaders.

Several Board committees are responsible for risk oversight in specific areas. The Audit Committee oversees financial, accounting and internal control risk management policies. The Audit Committee also approves the independent auditor and its annual audit plan. The Audit Committee reports periodically to the Board on the effectiveness of risk management processes in place and the overall risk assessment of the Company's activities. The Compensation Committee assesses and monitors risks in the Company's compensation program. The Loan Committee reviews risks in our lending activities. The Investment Committee periodically assesses the risks of our investment portfolio.

Director Independence

As of the Record Date of April 24, 2019, each of the persons either serving on the Board or nominated for election as a director, except for Christopher M. Courtney and Thomas J. Haidlen, was “independent” within the meaning of the applicable NASDAQ Stock Market listing’s rules.

In making its independence determinations, the Board considered transactions that occurred since the beginning of fiscal year 2018 between the Company and entities associated with the independent directors or members of their immediate family. All identified transactions that appeared to relate to the Company and a family member of, or entity with a known connection to, a director was presented to the Board for consideration.

In making its subjective determination that each of the Company’s directors other than Mr. Courtney and Mr. Haidlen is independent, the Board reviewed and discussed additional information provided by the directors and the Company with regard to each director’s business and personal activities as they may relate to the Company and the Company’s management which consisted of the transactions described below in “Certain Relationships and Related Party Transactions.”

Committees of the Board

The Board delegates portions of its responsibilities to committees comprised of Board members. These standing committees of the Board meet at regular intervals to attend to their particular areas of responsibility. The Board has six (6) standing committees: the Nominating Committee, the Audit Committee, the Compensation Committee, the Loan Committee, the Investment Committee, and the CRA Committee.

The Compensation, Audit, and Nominating Committee charters are available on our Internet website at www.ovcb.com, under the “About Us” tab, in the “Investor Relations” section, at the link for “Governance Documents.”

Nominating Committee

The Nominating Committee identifies individuals qualified to become Board members and makes recommendations to the full Board of candidates for election to the Board, leads the Board in an annual review of its performance, and recommends director appointments to Board committees. Pursuant to NASDAQ Stock Market’s Rule 5605(e)(2), the Company certifies that it has adopted a formal written charter addressing the nominations process and such related matters as may be required under the federal securities laws. The Company’s Nominating Committee was established in 2010, and the committee charter (the “Charter”) was approved in 2010. Subject to the standards required by applicable NASDAQ Stock Market listing rules, the Nominating Committee is comprised solely of independent directors of the Board. The Nominating Committee, consisting of ten (10) independent Directors, makes recommendations to the Board regarding the Board’s composition and structure, nominations for elections of Directors, and policies and processes regarding principles of corporate governance to ensure the Board’s compliance with its fiduciary duties to the Company and its shareholders. The Nominating Committee reviews the qualifications of, and recommends to the Board, candidates as additions, or to fill Board vacancies, if any were to occur during the year.

The Nominating Committee determines the required selection criteria and qualifications of Director nominees based upon the Company’s needs at the time nominees are considered. In general, Directors are expected to possess the highest personal and professional ethics, integrity and values and be committed to representing the long-term interests of the Company’s shareholders. In addition to the foregoing considerations, the Nominating Committee considers criteria such as strength of character and leadership skills, general business acumen and experience, broad knowledge of the banking industry, number of other board seats, and willingness to commit the necessary time to ensure an active board whose members work well together and possess the collective knowledge and expertise required by the Board. The Nominating Committee considers these criteria for all candidates regardless of whether a candidate was identified by the Nominating Committee, by shareholders, or by any other source.

The goal of the Nominating Committee is to seek to achieve a balance of knowledge and experience on the Company’s Board. To this end, the Nominating Committee seeks nominees with the highest professional and personal ethics and values, an understanding of the Company’s business and industry, diversity of business experience, expertise and backgrounds, a high level of education, broad-based business acumen and the ability to think strategically. Although the Nominating Committee does not have a formal policy concerning the consideration of diversity, the composition of the current Board reflects diversity in business and professional experience, skills, and gender. The Nominating Committee reviews the effectiveness of its charter in achieving the goals of the Nominating Committee as stated therein annually.

The members of the Nominating Committee are Messrs. Barton, Gilbert, Jones, Leonard, Lafferty, Martin, Pelton, Holder, Titus and Withrow. Mr. Gilbert is the Chairman of the Nominating Committee. The Nominating Committee met two (2) times in 2018. The Board has determined that all members of the Nominating Committee are “independent” under the applicable rules and regulations of the Nasdaq Stock Market.

Audit Committee

We have an Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended, (the “Exchange Act”). The Audit Committee assists the Board in fulfilling the Board’s responsibilities for general oversight of the integrity of our financial statements, our compliance with legal and regulatory requirements, the independent auditors’ qualifications and independence, the performance of our internal audit function and independent auditors, and risk assessment and risk management. In addition, the Audit Committee reviews and discusses the annual audited financial statements with management and the independent auditors prior to finalizing and filing the Annual Report on Form 10-K with the SEC; reviews and discusses with management and the independent auditors any significant changes, significant deficiencies and material weaknesses regarding internal controls over financial reporting required by the Sarbanes-Oxley Act of 2002, oversees the internal audit function and the audits directed under its auspices, and establishes policies to ensure all non-audit services provided by the independent auditors are approved prior to work being performed. The Audit Committee also prepares the Audit Committee report for inclusion in the annual proxy statement; annually reviews the Audit Committee charter and the Committee’s performance; appoints, evaluates and determines the compensation of our independent auditors; reviews and approves the scope of the annual audit, the audit fee and the financial statements; reviews our disclosure controls and procedures, internal controls, internal audit function, and corporate policies with respect to financial information and earnings guidance; oversees investigations into complaints concerning financial matters; and reviews other risks that may have a significant impact on our financial statements. The Audit Committee works closely with management as well as our independent auditors. The Audit Committee has the authority to obtain advice and assistance from, and receive appropriate funding from the Company to retain, outside legal, accounting or other advisors as the Audit Committee deems necessary to carry out its duties.

The Board of Directors has adopted a written charter for the Audit Committee. Pursuant to NASDAQ Stock Market’s Rule 5605(c)(1), the Company certifies that it has adopted a formal written charter and that the audit committee will review and assess the adequacy of the written charter on an annual basis.

The Company certifies that it has, and will continue to have, an audit committee consisting of at least three members. The members of the Audit Committee are Messrs. Gilbert, Lafferty, Leonard, Pelton, Titus and Withrow. Ms. Pelton is the Chair of the Audit Committee. The Audit Committee held ten (10) meetings during fiscal 2018. The Audit Committee consists solely of independent members as defined in the Nasdaq Stock Market listing rules and Section 10A of the Securities Exchange Act of 1934.

The Board of Directors has determined that Mr. Withrow and Ms. Pelton, have: (i) an understanding of generally accepted accounting principles and financial statements; (ii) the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves; (iii) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by our financial statements, or experience actively supervising one or more persons engaged in such activities; (iv) an understanding of internal control over financial reporting; and (v) an understanding of audit committee functions.

Therefore, the Board has determined that Mr. Withrow and Ms. Pelton, meets the definition of “audit committee financial expert” under the applicable rules and regulations of the SEC and are “financially sophisticated” as defined by the applicable rules and regulations of the Nasdaq Stock Market. The designation of a person as an audit committee financial expert does not result in the person being deemed an expert for any purpose, including under Section 11 of the Securities Act of 1933, as amended. The designation does not impose on the person any duties, obligations or liability greater than those imposed on any other audit committee member or any other director and does not affect the duties, obligations or liability of any other member of the Audit Committee or Board of Directors.

The Board has determined that all members of the Audit Committee are “independent” as that term is defined in Rule 5605(a)(2) of the Nasdaq Stock Market Rules and Rule 10A-3(b)(1) promulgated under the Exchange Act.

The Audit Committee Report for 2018 appears on page 39 of this Proxy Statement.

Compensation Committee

The Compensation Committee establishes our compensation policy, determines the compensation paid to our executive officers and non-employee directors, recommends executive incentive compensation plans and equity-based plans and approves other compensation plans and retirement plans, and performs the various reviews required by the regulations enacted pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010. The Compensation Committee approves corporate goals related to the compensation of the executive officers, evaluates the executive officers' performance and compensates the executive officers based on this evaluation. Messrs. Barton, Gilbert, Jones, Lafferty, Leonard, Martin, Pelton, Holder, Titus and Withrow are members of the Compensation Committee. Mr. Leonard is the Chairman of the Compensation Committee. The Compensation Committee held seven (7) meetings during fiscal 2018. The Board has determined that all members of the Compensation Committee are "independent" as that term is defined in Rule 5605(d)(2) of the Nasdaq Stock Market Rules, and the Compensation Committee consists solely of "independent directors" as defined in the Nasdaq Stock Market listing rules and Section 10C of the Securities Exchange Act of 1934. Pursuant to the Nasdaq Stock Market's Rule 5605(d)(1), the Company certifies that it has adopted a formal written charter and that the compensation committee will review and assess the adequacy of the formal written charter on an annual basis.

Loan Committee

The Loan Committee monitors the activities of our lending function utilizing information presented to it by management at regular meetings of the committee. This includes, but is not limited to, the review of trends in outstanding credit relationships, key quality measures, significant borrowing relationships, large problem loans, industry concentrations, all significant lending policies, and the adequacy of the allowance for loan losses. The Loan Committee also reviews lending-related reports from regulators, auditors, and internal personnel.

Each member of the Board of Directors serves on the Loan Committee, and Ms. Pelton is the Chair of the Loan Committee. The Loan Committee held twenty-one (21) meetings during fiscal 2018.

Investment Committee

The Investment Committee reviews, identifies and classifies our assets based on credit risk, in accordance with regulatory guidelines. The Committee is also responsible for reviewing asset valuation and classification policies, as well as developing and monitoring asset disposition. In addition, the Committee reviews and monitors the Company's investment portfolio, liquidity position and the risk of our interest-earning assets in comparison to its interest-bearing liabilities.

Messrs. Barton, Courtney, Holder, Jones, Leonard, Martin, Pelton and Titus serve on the Investment Committee, and Mr. Barton is the Chairman of the Investment Committee. The Investment Committee held four (4) meetings during fiscal 2018.

CRA Committee

The CRA Committee is responsible for oversight of our performance under the requirements of the Federal Community Reinvestment Act of 1977 and similar state law requirements. Messrs. Barton, Courtney, Gilbert, Jones, Haidlen, Lafferty, Martin, Titus and Withrow serve on the CRA Committee, and Mr. Titus is the Chairman of the CRA Committee. The CRA Committee held four (4) meetings during fiscal 2018.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act requires our officers and directors to file reports of ownership and changes of ownership with the SEC. Our officers and directors are required to furnish us with copies of all Section 16(a) forms so filed. As a matter of practice, our administrative staff assists our executive officers and Directors in preparing initial ownership reports and reporting ownership changes, and typically files these reports on their behalf. Based solely on a review of the copies of the reports furnished to us, or written representations that no reports were required to be filed, we believe that during the fiscal year ended December 31, 2018 all Section 16(a) filing requirements applicable to our directors, officers, and greater than 10% beneficial owners, if any, were complied with, except as otherwise disclosed in the Annual Report on Form 10-K that we filed with the SEC on March 11, 2019.

Certain Relationships and Related Party Transactions

Some of our Directors and the companies with which they are associated are our customers, and we expect to have banking transactions with them in the future. All loans and commitments to lend were made in the ordinary course of our business and were in compliance with applicable laws. Terms, including interest rates and collateral, were substantially the same as those prevailing for comparable transactions with other persons of similar creditworthiness. These transactions do not involve credits which are different than extended to non-Board customers more than a normal risk of collectability or present other unfavorable features. We have a strong policy regarding review of the adequacy and fairness of Bank loans to directors and officers. Section 402 of the Sarbanes-Oxley Act of 2002 generally prohibits a company from extending credit, arranging for the extension of credit or renewing an extension of credit in the form of a personal loan to one of its officers or directors. There are several exceptions to this general prohibition, including loans made by an FDIC insured depository institution that is subject to the insider lending restrictions of the Federal Reserve Act. All loans to our directors and officers comply with the Federal Reserve Act and the Federal Reserve Board's Regulation O and, therefore, are excepted from the prohibitions of Section 402.

All loans to Directors or executive officers would be subject to the limitations prescribed by California Financial Code Section 1360, et seq. and by the Financial Institutions Regulatory and Interest Rate Control Act of 1978.

From time to time, some of the Company's Directors, directly or through affiliates, may perform services for the Bank. These activities are performed in the ordinary course of the Bank's business and are subject to strict compliance with the policies outlined below. In 2018, the Company paid \$430,000 to Design Studio 120, a company affiliated with a Director's daughter, for renovation and design work performed in connection with new branches in Sacramento, Sonora and Turlock that opened in 2018. In 2017, the Company paid \$131,000 to Design Studio 120 for similar services in connection with various projects and maintenance on the Bank's branches. Except for such payments, no other material services or activities were performed for purposes of Item 404(a) of Regulation S-K under the Exchange Act.

Policies and Procedures for Approving Related Party Transactions

Our Board of Directors is committed to the highest levels of honesty and integrity and, as such, takes related party transactions very seriously and adheres to very strict policies and procedures that exceed typical practices of other boards of directors to handle "related party transaction" issues.

A "related party transaction" is a transaction in an amount exceeding \$120,000 between the Company or the Bank and any "related person," including any transaction requiring disclosure under Item 404 of Regulation S-K. Generally, a "related person" is (i) any person who is, or was at any time since the beginning of the Company's last fiscal year, a director or executive officer of the Company or the Bank or a nominee to become a director of the Company or the Bank; (ii) any person who is known to be the beneficial owner of more than 5% of any class of the Company's voting securities; (iii) any immediate family member (i.e., any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law), and any person (other than a tenant or employee) sharing the household, of any of the persons described in (i) or (ii); and (iv) any firm, corporation or other entity in which any of the persons described in (i), (ii) or (iii) is employed or is a partner or principal or in a similar position or in which such person has a 10% or greater beneficial ownership interest.

The general policy of the Board of Directors is that each Director and prospective director must disclose any "related party transaction" to the Board before such transaction may occur and, furthermore, that such transaction may thereafter be consummated if and only if (i) a majority of "non-interested" directors approves such transaction, and (ii) such transaction is on terms comparable to those that would be obtained in arm length dealings with an unrelated third party. A "non-interested" director is a director who is not directly or indirectly involved in the "related party transaction." A director is deemed to be not directly involved if the director is not involved in the transaction, and a director is deemed to be not indirectly involved if the transaction does not involve any of the director's immediate family members or any firm, corporation or other entity of which the director is an employee, partner, principal or in a similar position or a 10% or greater beneficial owner.

In making its decision on whether or not to approve a transaction, the Board also considers the benefits the Company or the Bank would receive in the transaction; the impact the transaction would have on a director's independence in the event the related person is a director, an immediate family member of a director or an entity in which a director is a partner, shareholder or executive officer; the availability of other sources for comparable products or services; the terms of the transaction; and the terms available to unrelated third parties or to our employees generally.

In addition, the Board has stated that it is the responsibility of each director and prospective director to disclose to the Board any relationship that may not necessarily involve a "related party transaction" but that could impair his or her independence or pose any conflict of interest with the Company or the Bank, including (i) affiliations of a director or prospective director; (ii) affiliations of an immediate family member (i.e., child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law) or anyone other person, other than a domestic employee, who shares a director or prospective director's home; and (iii) affiliations of a director or prospective director with the Company or Bank (a) customer, supplier, distributor, dealer, reseller or other channel partner, (b) lender, outside legal counsel, investment banker or consultant, (c) significant shareholder, (d) charitable or not-for-profit institution that has received or receives donations from the Company or the Bank, or (e) competitor or other person having an interest adverse to us.

EXECUTIVE COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee of the Board of Directors has responsibility for establishing, implementing and continually monitoring the compensation structure, policies and programs of the Company. The individuals who served as the Company's Chief Executive Officer and Chief Financial Officer during 2018, as well as the other individuals included in the Summary Compensation Table, are referred to as the "named executive officers."

The Compensation Committee is responsible for assessing and approving the total compensation structure paid to the Chief Executive Officer and the other executive officers, including the named executive officers. Thus, the Compensation Committee is responsible for determining whether the compensation paid to each of these executive officers is fair, reasonable and competitive, and whether it serves the interests of the Company's shareholders.

This Compensation Discussion and Analysis identifies the Company's current compensation philosophy and objectives and describes the various methodologies, policies and practices for establishing and administering the compensation programs of the named executive officers.

Overview

2018 was another record year of profitability for the company, driven by solid loan growth and strong core financial performance. Our core financial performance improved year over year as we continued to increase profitability and our performance exceeded that of many peer institutions. Nevertheless, given the difficulty in assessing the timing and pace of the economic recovery cycle, the Company continues to manage executive compensation conservatively.

The objectives of the Company's executive compensation program are to align a portion of each executive officer's total compensation with the annual and long-term performance of the Company and the interests of the Company's shareholders. The Compensation Committee continues to review our compensation program to seek to achieve shareholder value and continue to motivate and retain our senior management.

The Company considered the shareholder vote approving the Company's executive compensation for 2016 in making its proposal for 2019.

Overview of Compensation Philosophy

Our executive compensation policy is to provide the Company's executive officers with compensation opportunities which are based upon their personal performance, the annual and long-term performance of the Company, the interests of the Company's shareholders and their contribution to that performance, while maintaining a level of compensation that is competitive enough to attract and retain highly skilled individuals.

The Compensation Committee believes that the most effective executive compensation programs are those that align the interests of each executive with those of the Company's shareholders. The Compensation Committee believes that a properly structured compensation program will attract and retain talented individuals and motivate them to achieve specific short-term and long-term strategic objectives. Over the years, we have been very successful in retaining a strong core group of executive officers, and we have been providing growth and value for our shareholders. For this reason, an important objective of the Compensation Committee is to ensure that the compensation of our named executive officers is comparable to that of similar positions at other financial institutions that are similar to us in terms of size and geographic service area, so that we can continue to attract and retain executives and achieve our strategic objectives.

Each executive officer's compensation package is comprised of three elements: (i) base salary that is competitive with the market and reflects individual performance, (ii) annual variable performance awards payable in cash and tied to the Company's achievement of annual financial, strategic and operational objectives in addition to individual contributions to these objectives, and (iii) long-term stock-based incentive awards designed to strengthen the mutual interest of the Company's executive officers and its shareholders. As an officer's level of responsibility increases, a greater proportion of his or her total compensation will be dependent upon the Company's financial performance and stock price rather than base salary.

Stock awards, such as stock options and/or restricted stock, are available to reward the long-term efforts of management and to retain management. Equity awards can also increase our management team's ownership stake in the Company, further aligning the interests of the executives with those of our shareholders. We also consider other forms of executive pay, including salary continuation benefits, as a means to attract and retain our executive officers, including the named executive officers.

The Company and the Compensation Committee believe our compensation philosophy, policies and objectives outlined within this Compensation Discussion and Analysis are appropriately designed to allow us to effectively compensate our employees both during times of positive performance and in times of weak performance.

Compensation Program Objectives and Rewards

The Company's compensation and benefits programs are driven by our business environment and are designed to enable us to achieve our mission and adhere to the Company values.

The programs' objectives are to foster our position as a leading community bank in our service areas; attract, engage and retain a qualified workforce; maintain an effective administrative structure in line with our growth and performance; and incentivize our employees to reach our business objectives.

The guiding principles behind our programs are to promote and maintain a high-performance banking organization; continue to invest in our administration and operations; remain competitive in our marketplace for talent; and balance our compensation costs with our desire to provide value to our employees and shareholders.

We measure the success of our programs by our overall business performance and employee engagement; our ability to attract and retain key talent; our costs and business risks and return; and our ability to accommodate further growth in our organization using the existing administrative infrastructure.

All compensation and benefits for our named executive officers reflect, as their primary purpose, our need to attract, retain and motivate the highly talented individuals who will engage in the behaviors necessary to execute the programs' objectives outlined above and to enable us to maintain and create shareholder value in a highly competitive marketplace.

Accordingly, each component of our compensation and benefits has a specific purpose designed to reward different behaviors:

- *Base salary and benefits* are designed to reward core competence in the executive role relative to skills, position and contributions to the Company, and to provide fixed cash compensation with merit increases competitive with the market place.
- *Annual incentive variable cash awards* are designed to focus employees on annual financial objectives derived from the business plan that lead to long-term success; provide annual variable performance-based cash awards to reward and motivate achievement of critical annual performance metrics selected by the Compensation Committee; and foster a pay-for-performance culture that aligns our compensation programs with our overall business strategy.
- *Equity-based compensation awards* when granted link compensation rewards to the creation of shareholder wealth; promote teamwork by tying compensation significantly to the value of our common stock; attract the next generation of management by providing significant capital accumulation opportunities; and retain executives by providing a long-term-oriented program pursuant to which value can be achieved only by remaining with and performing with the Company.
- *A supplemental executive retirement program* facilitates our ability to attract and retain executives as we compete for talented employees in a marketplace where similar programs and plans are commonly offered.

We believe this combination of compensation and benefits provides an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term shareholder value, and encourages executive recruitment and retention.

When considering all factors, total compensation is generally targeted at the median of our Compensation Peer Group, which consists of bank holding companies of community banks having deposit bases and geographical service areas similar to ours. We target that level in order to retain and motivate talented individuals who can help us implement our objectives discussed above.

Role of Compensation Committee in Determining Compensation

The Compensation Committee has overall responsibility and authority for approving and evaluating the compensation programs and policies pertaining to our executives, including the named executive officers. The Compensation Committee is also responsible for reviewing and submitting to the Board of Directors recommendations concerning director compensation. When making individual compensation decisions regarding a named executive officer, the Compensation Committee takes many factors into account, including the executive's experience, responsibilities, management abilities and job performance, the overall performance of the Company, current market conditions and competitive pay for similar positions at comparable companies. In addition, the Compensation Committee reviews the relationship of various positions between departments, the affordability of desired pay levels, and the importance of each position within the Company. These factors are considered by the Compensation Committee in a subjective manner without any specific formula or weighting.

Our Chief Executive Officer's compensation is determined solely by the Compensation Committee. Our Chief Executive Officer attends those portions of the Compensation Committee meetings relating to the compensation of the other executive officers. Decisions relating to the Chief Executive Officer's pay are made by the Compensation Committee, without management present. The Compensation Committee reports its activities to our Board of Directors.

The Compensation Committee relies on the input and recommendations of our Chief Executive Officer when evaluating these factors relative to the compensation of other executive officers. Because the Chief Executive Officer works closely with and supervises our executive team, the Compensation Committee believes that the Chief Executive Officer provides valuable insight in evaluating their performance. Our Chief Executive Officer provides the Compensation Committee with his assessment of the performance of each named executive officer and his perspective on the factors described above in developing his recommendations for the compensation of the other executives, including salary adjustments, incentive bonuses, annual equity grants, and equity grants awarded in conjunction with promotions. The Chief Executive Officer also provides the Compensation Committee with additional information regarding the effect, if any, of market competition and changes in business strategy or priorities. The Compensation Committee discusses our Chief Executive Officer's recommendations and then approves or modifies the recommendations in collaboration with the Chief Executive Officer.

The Company Compensation Program

Market Positioning and Pay Benchmarking

The Compensation Committee considers the median compensation values of Northern California-based financial institutions that are similar in size to us in determining the compensation of the Chief Executive Officer and the other named executive officers. The data that the Compensation Committee considers are derived from reports from the California Bankers Association, prepared by Pearl Meyer & Partners, LLC. These comparative survey data reports are used to benchmark executive compensation levels against banks that have executive positions with responsibilities similar in breadth and scope to ours and that compete with us for executive talent. For example, in 2018 our Compensation Committee reviewed the California Bankers Association report, which includes approximately 63 California banks. The Compensation Committee uses banks, each having assets between \$701 million and \$1.2 billion with average assets of about \$915 million, as the bank's peer group. In 2017, our Compensation Committee engaged the services of a professional consulting firm to conduct a thorough review of our executive compensation for fairness as compared to peer banks with similar size, structure, and responsibilities. With such information, the Compensation Committee reviews and analyzes compensation for each executive and makes adjustments as appropriate. The actual positioning of each named executive officer's compensation is dependent on considerations of the executive's performance, the performance of the Company and the individual business or corporate function for which the executive is responsible, the nature and importance of the position and role within the Company, the scope of the executive's responsibility (including risk management and corporate strategic initiatives), and the individual's success in promoting our core values and demonstrating leadership. We do not use any paid compensation consultants.

Pay Mix

We do not allocate between cash and non-cash compensation or short-term versus long-term compensation based on specific percentages. Instead, we believe that the compensation package for our executives should be generally in line with the prevailing market, consistent with each executive's level of impact and responsibility.

Chief Executive Officer Compensation

Each year, the Compensation Committee meets with the other independent directors on our Board of Directors in an executive session to evaluate the performance of the Chief Executive Officer. In 2018, the Compensation Committee considered management's continuing achievement of its short- and long-term goals versus its strategic objectives as well as financial targets. Emphasis was placed on performance factors of the Company's business units and on personal performance goals established annually by the Compensation Committee.

The Compensation Committee determined that the Chief Executive Officer's base salary in 2018 was aligned with the Company's compensation philosophy and is aligned with a comparable median salary of peer institutions.

Components of Executive Officer Compensation

Base Salaries

In accordance with our compensation objectives, salaries are set and administered to reflect the value of the position in the marketplace, the career experience of the individual, and the contribution and performance of the individual. The base salary of each named executive officer is determined annually by the Compensation Committee, in accordance with the Compensation Committee's evaluation of the Company's overall compensation programs and policies.

Base salaries for our executive officers are based on the scope of their responsibilities as well as review of competitive compensation data from peer institutions. For 2018, the Compensation Committee considered the pay practices of such institutions and data from published compensation surveys discussed above. In evaluation of the base salaries for the named executive officers, the Compensation Committee also considers the minimum, mid-range and maximum salaries paid to similarly situated positions at other comparable companies of our size in our geographic and market areas, as well as the performance levels of the named executive officer.

Base salary drives the formula used to determine any year-end bonus payable to executive officers.

Bonuses

Traditionally, our annual incentive compensation for named executive officers has been established by the Compensation Committee upon consideration of many factors, including, but not only limited to, the executives' performance as compared against performance objectives. Our bonuses to executive officers would normally accrue quarterly based on the estimated annual financial metrics and corresponding annual bonuses reflected in the tables below, and be payable in the quarter immediately after the accrual.

The accrual of bonuses is typically calculated as a percent of salary. Such incentive levels are designed to provide for the achievement of threshold, target and maximum performance objectives. The financial metrics, performance objectives, and the formula for computing the performance bonus are established by the Compensation Committee early in each fiscal year.

The bonus award opportunities are derived in part from comparative data and in part by the Compensation Committee's judgment on internal equity of the positions, their relative value to the Company and the desire to maintain a consistent annual incentive target for the Chief Executive Officer and the other named executive officers.

The 2018 bonus award opportunities assigned as a percentage of base salary are as follows:

Position	As a percent of base salary		
	Threshold	Target	Maximum
Christopher M. Courtney Chief Executive Officer and President	15%	50%	55%
Richard A. McCarty Senior Executive Vice President, Chief Operating Officer and Secretary	15%	44%	50%
David S. Harvey Executive Vice President/ Commercial Lending	15%	36%	40%
Michael J. Rodrigues Executive Vice President/Chief Credit Officer	15%	36%	40%
Jeffrey A. Gall Senior Vice President/ Chief Financial Officer	15%	36%	40%

Each year, performance objectives are generally identified through our annual financial planning and budget process. Senior management develops a financial plan, and the financial plan is reviewed and approved by the Board of Directors. Management recommends and the Compensation Committee reviews and approves the financial metrics that must be met each year in order for awards to be paid, which metrics correspond to the financial plan that is approved by the Board of Directors. These financial metrics are weighted and are intended to motivate and reward eligible executives to strive for continued financial improvement of the Company, consistent with performance-based compensation and increasing shareholder value. The Compensation Committee typically identifies from three to five financial metrics which may be revised from year to year to reflect current business situations.

The financial metrics selected for 2018 related to three base categories: profitability, growth and risk management. Within each category, the Compensation Committee analyzed specific financial metrics. The Compensation Committee believes return on assets and earnings per share to be valid measurements in assessing how the Company is performing from a profitability standpoint. Earnings per share reflect shareholder returns over the long term. Earnings per share are an accepted measure of growth and efficient use of capital. In addition, the Compensation Committee concluded that management's compensation should continue to weigh core deposit growth, since the strength of a Company's core deposit base is an indication of the Company's success in customer retention, reduction in interest rate sensitivity and liquidity stabilization. Finally, the Compensation Committee believes that asset quality measures and audit results are effective measures to monitor the Company's progress in improving its credit quality.

The Compensation Committee determines the weighting of financial metrics each year based upon recommendations from the senior management. For 2018, the Compensation Committee weighted the financial metrics as follow:

Category	Percentage Weight
Profitability	70%
Growth	10%
Risk-Management	20%

The Compensation Committee receives recommendations from senior management for financial performance objective ranges. The “target” level generally equates to the approved financial plan. The “threshold” performance level is set below the target level. In making the determination of the threshold and target levels, the Compensation Committee considered specific circumstances anticipated to be encountered by the Company during the coming year. Generally, the Compensation Committee sets the threshold and target levels such that the relative difficulty of achieving the target level is consistent from year to year. The performance objectives for fiscal year 2018 are shown below:

Financial Metrics	Threshold	Target	Maximum
Return on Assets	0.80%	1.05%	1.20%
Basic Earnings per Share	\$1.225	\$1.35	\$1.40
Core Deposit Growth	3%	6%	8%
Loan Growth	3%	6%	8%
Nonperforming Assets to Equity	<6%	<3.5%	<2.5%

The Compensation Committee believes that these targets were sufficiently challenging given the economic climate and the level of growth and improvement in the various financial metrics that would have to occur to meet the various performance objectives.

Upon completion of the 2018 fiscal year, the Compensation Committee assessed the performance of the Company for each financial metric comparing the actual fiscal year results to the pre-determined performance objectives for each financial metric calculated with reference to the pre-determined weight accorded the financial metric and an overall percentage amount for the award is calculated.

In 2018, all targets were met:

Financial Metrics	2018 Actual Results
Return on Assets	1.08%
Basic Earnings per Share	\$1.43
Core Deposit Growth	11.7%
Loan Growth	7.4%
Nonperforming Assets to Equity	0.9%

Consequently, bonuses were paid in the amounts set forth below.

Position	Payout (\$)	Percentage of Target
Christopher M. Courtney Chief Executive Officer and President	184,362	106%
Richard A. McCarty Senior Executive Vice President, Chief Operating Officer and Secretary	112,520	106%
David S. Harvey Executive Vice President/ Commercial Lending	72,093	106%
Michael J. Rodrigues Executive Vice President/Chief Credit Officer	78,681	106%
Jeffrey A. Gall Senior Vice President/ Chief Financial Officer	64,719	106%

Equity-Based Compensation

The Compensation Committee approves all awards under the 2018 Stock Plan and acts as the administrator of the 2018 Stock Plan. The Compensation Committee is responsible for determining equity grants to all staff members, including named executive officers, and in doing so considers past grants, corporate and individual performance, the individual title, role and responsibilities and the recommendations of our Chief Executive Officer for staff members other than himself. In 2018, the Compensation Committee granted 8,252 shares of restricted stock to our named executive officers as a group, under the 2008 Equity Plan (the “2008 Plan”) prior to its expiration on May 31, 2018 as set forth below, which vest 20% annually over five years beginning on 2/28/2019, subject to being a service provider through each vesting date, except in certain circumstances as described below in “Potential Payments Upon Termination or Change in Control”. These stock awards will vest immediately upon retirement if the named executive officer is at retirement age.

<u>Position</u>	<u>Number of Shares</u>
Christopher M. Courtney Chief Executive Officer and President	2,972
Richard A. McCarty Senior Executive Vice President, Chief Operating Officer and Secretary	2,058
David S. Harvey Executive Vice President/ Commercial Lending	1,074
Michael J. Rodrigues Executive Vice President/Chief Credit Officer	1,074
Jeffrey A. Gall Senior Vice President/ Chief Financial Officer	1,074

Additional information on long-term awards for executive officers is shown on pages 28 and 29 of this proxy statement.

401(k) Plan

The Company maintains a plan that complies with the provisions of Section 401(k) of the Internal Revenue Code. Substantially all our employees are eligible to participate in this plan, and eligibility for participation commences upon hiring. The Company’s executive officers are eligible to participate in this program, subject to any applicable tax laws. The Company contributes a percentage matching contribution to the same degree as all other employees. The matching contribution is 75% on all deferred amounts up to IRS limits.

Health and Welfare Benefits

The Company offers health and welfare programs to all eligible employees. The programs include medical, wellness, pharmacy, dental, vision, life insurance and accidental death and disability. The named executive officers received up to \$21,600 each in 2018 for health and welfare benefits.

Automobile Benefits

Our named executive officers are offered Company-paid automobile allowances as indicated by the Auto Compensation in the table above. We believe that it is important to compensate our executive officers for all expenses incurred while traveling for work to allow our executive officers to concentrate on their responsibilities and our future success.

Salary Continuation Agreements

In August 2001, the Board of Directors of the Company approved salary continuation agreements (“Continuation Agreements”) between the Bank and Messrs. Courtney and McCarty. Under the original Continuation Agreements, Messrs. Courtney and McCarty were entitled to receive maximum annual payments of \$85,000 and \$65,000, respectively, for a period of 20 years following their retirement at the age of 62 (the “Normal Retirement Age”). These agreements were subsequently revised to provide for shorter benefit payment periods of fifteen years. As a result, Mr. Courtney will receive \$104,000 annually for fifteen years and Mr. McCarty will receive 80,000 annually over fifteen years. In the event of disability while employed with us prior to the Normal Retirement Age, each named executive officer will receive a benefit equal to the retirement liability balance accrued by us at the time of disability. In the event of early termination, the named executive officer will receive a vested portion of his retirement liability balance accrued by the Company at the time of such early retirement. The benefit is fully vested. In the event the named executive officer dies prior to termination of the Continuation Agreement, the beneficiary of such named executive officer will receive from the Company a lump sum death benefit amount.

In February 2008, we entered into a Continuation Agreement for David S. Harvey. Under the Continuation Agreement, Mr. Harvey is entitled to receive a maximum annual payment of \$50,000 for a period of 20 years following his retirement at the age of 65, or upon a change in control, as defined in the Agreement. The benefit is fully vested. In the event Mr. Harvey dies prior to termination of the agreement, the beneficiary of Mr. Harvey will receive from us a lump sum death benefit amount.

In February 2008, we entered into a Continuation Agreement with Michael J. Rodrigues. Under the Continuation Agreement, Mr. Rodrigues was originally entitled to receive a maximum annual payment of \$50,000 for a period of 20 years following his retirement at the age of 62. The agreement for Mr. Rodrigues was subsequently revised to provide for a shorter benefit payment period of fifteen years. As a result, Mr. Rodrigues will receive \$61,125 annually for fifteen years. In the event Mr. Rodrigues dies prior to termination of the agreement, his beneficiary will receive from the Company a lump sum death benefit amount.

In September 2016, we entered into a Continuation Agreement with Mr. Jeffrey A. Gall. Following his retirement at the age of 62 or upon a change in control, as defined in the Agreement, Mr. Gall will receive \$61,125 annually for fifteen years. In the event of disability while employed with us prior to the age of 62, Mr. Gall will receive a benefit equal to the retirement liability balance accrued by the Bank at the time of disability. In the event of early termination, Mr. Gall will receive the vested portion of his or her retirement liability balance that has accrued at the time of such early retirement. The vesting schedule is 20% per year of service beginning with the sixth year of service. In the event Mr. Gall dies prior to termination of the Agreement, his beneficiary will receive from us a lump sum death benefit amount.

The Continuation Agreements also provide that, in lieu of any other benefit under such agreements, the Company will pay the executives any benefit under the agreement to the extent the benefit would not create an excise tax under the excess parachute rules of Section 280G of the 1986 Internal Revenue Code, and to extent possible, such benefit payment shall be reduced to allow payment within the fullest extent permissible under applicable law.

If a named executive officer under the Salary Continuation Agreement is terminated for cause, we will not pay any benefits under such Salary Continuation Agreement. For this purpose, the term “cause” means an Executive’s gross negligence or gross neglect of duties, fraud, disloyalty, dishonesty or willful violation of law or significant bank policies in connection with the Executive’s service that results in an adverse effect on the Company.

Since 2001, we have purchased insurance policies on the lives of individuals that at the time of such purchase held executive roles, as follows:

Executive officer	Date policy purchased	Net Employee Death Benefit (\$)
Christopher M. Courtney	December 2001	880,000
Richard A. McCarty	December 2001	675,000
David S. Harvey	January 2003	250,000
Michael J. Rodrigues	December 2001 January 2008	250,000 525,000
Jeffrey A. Gall	October 2010 September 2016	50,000 200,000

Under our Split-Dollar Agreements and Split-Dollar Policy endorsements, the policy interests are divided between us and such individual. We are entitled to any insurance policy death benefits remaining after payment to the individual's beneficiary.

Compensation Committee Interlocks and Insider Participation

No member of this committee was at any time during 2018 or at any other time an officer or employee of the Company, and no member of this committee had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K. No executive officer of the Company has served on the board of directors or compensation committee of any other entity that has or has had one or more executive officers who served as a member of the Compensation Committee during 2018. Our Compensation Committee is comprised of Messrs. Barton, Gilbert, Jones, Lafferty, Leonard, Holder, Titus, Withrow, Ms. Lafferty and Ms. Pelton, all of whom are independent directors.

Prohibition on Speculation in Company Stock

Our stock trading guidelines prohibit executives from speculating in our stock, which includes, but is not limited to, short selling (profiting if the market price of the securities decreases), buying or selling publicly traded options, including writing covered calls, and hedging or any other type of derivative arrangement that has a similar economic effect.

Tax Considerations

Section 162(m) ("Section 162(m)") of the Internal Revenue Code of 1986, as amended, limits the allowable tax deduction for compensation paid or accrued with respect to certain executive officers of a publicly held corporation to no more than \$1 million per year. The Company's executives generally do not have compensation arrangements that would exceed \$1 million per year.

In light of Section 162(m), it is the policy of the Compensation Committee to modify, where necessary, our executive compensation program to maximize the tax deductibility of compensation paid to our executive officers when and if the \$1 million threshold becomes an issue. At the same time, the Compensation Committee also believes that the overall performance of our executives cannot in all cases be reduced to a fixed formula and that the prudent use of discretion in determining pay levels is in our best interests and those of our shareholders. Under some circumstances, the Compensation Committee's use of discretion in determining appropriate amounts of compensation may be essential. In those situations where discretion is or can be used by the Compensation Committee, compensation might not be fully deductible.

Section 409A ("Section 409A") of the Internal Revenue Code of 1986, as amended, among other things, limits flexibility with respect to the time and form of payment of deferred compensation. If a payment or award is subject to Section 409A but does not meet the requirements that exempt such amounts from taxation under Section 409A, the recipient is subject to (i) income tax at the time the payment or award ceases to be subject to a substantial risk of forfeiture, (ii) an additional 20% tax at that time, and (iii) an additional tax equal to the amount of interest (at the underpayment rate of the Internal Revenue Code plus one percentage point) on the underpayment that would have accrued had the award been includable in the recipient's income when first deferred, or if later, when the award ceases to be subject to a substantial risk of forfeiture. We have made modifications to our plans and arrangements such that payments or awards under those arrangements either are intended to not constitute "deferred compensation" for purposes of Section 409A (and therefore will be exempt from application of Section 409A) or, if they constitute "deferred compensation," are intended to comply with the statutory provisions of Section 409A and final regulations issued with respect thereto.

Accounting Considerations

Accounting considerations play an important role in the design of our executive compensation program. Accounting rules require us to expense the fair value of restricted stock awards and the estimated fair value of our stock option grants, which reduces the amount of our reported profits. The Compensation Committee considers the amount of this expense when determining the amount of equity compensation to award.

Effect of Shareholder Advisory Vote

In 2016, in a non-binding advisory vote, the Company's shareholders approved the Company's executive compensation program for its Chief Executive Officer, Chief Financial Officer, and other named executive officers. In evaluating our executive compensation program in 2018, the Compensation Committee was mindful of the support our shareholders expressed for our compensation practices. As a result, the Compensation Committee retained its general approach to executive compensation and continued to apply the same general principles and objectives in determining executive compensation in 2018.

Risk Assessment of Incentive Compensation Arrangements.

The Compensation Committee meets with the Company's Chief Executive Officer and Chief Operating Officer, to discuss the overall risk structure, the significant risks identified within the Company, and the process by which the Chief Executive Officer and Chief Operating Officer analyze the risks associated with the executive compensation program. This process includes, among other things, a review of the Company's programs and discussions with the Compensation Committee's independent compensation consultant about the structure of the Company's overall executive compensation program. This review includes the compensation potential under the Company's incentive plans, the long-term view encouraged by the design and vesting features of the Company's long-term incentive arrangements, and the extent to which the Compensation Committee and the Company's management monitor the program. The Compensation Committee also identifies areas of enterprise risk of the Company and evaluates the degree to which participants in a plan perform functions that have the potential to significantly affect overall enterprise risk. The Compensation Committee then analyzes the extent to which design features have the potential to encourage behaviors that could significantly contribute to enterprise risk.

Our senior executive officers (SEOs) participate in the 2018 Equity Incentive Plan.

Based on its review, the Compensation Committee has determined that in 2018 the Company's executive compensation program did not encourage the SEOs to take unnecessary and excessive risks that threaten the value of the Company, and that no changes to these plans were required for this purpose.

Among the factors the Compensation Committee considered were the following:

- Vesting of stock awards has historically been tied to tenure of employment and not tied to Company or individual performance. Stock awards are subject to "clawback" provisions.
- The Compensation Committee generally targets the median of peer practice to generally limit total direct compensation.

In addition to the incentive plans in which our SEOs participate, the Company has incentive programs for other officers and branch employees which reward performance. The Compensation Committee reviewed all non-SEO programs and concluded that none of them, either individually or as a group, presented any material threat to our capital or earnings, encouraged taking undue or excessive risks, or encouraged manipulation or financial data in order to increase the size of an award. The rewards offered are typically based on subjective criteria and are not tied directly to Company performance. Several other plans reward loan production. Internal controls with different levels of review and approvals are designed to prevent manipulation to increase an award.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 401(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

(1) Represents the grant date fair value of restricted stock awards granted in fiscal 2018, as calculated in accordance with FASB ASC Topic 718, by multiplying the closing price of our stock on the trading day prior to the grant date by the number of shares granted.

(2) The amounts shown in column (h) for 2018 represent the executive salary continuation plan accrual from December 31, 2017 to December 31, 2018. The amounts in column (h) were determined using interest rate and mortality rate assumptions consistent with those used in the Company's consolidated financial statements and include amounts which the named executive officer may not currently be entitled to receive because such amounts are not vested. Assumptions used in the calculation of these amounts are included in Note 19 to the Company's consolidated financial statements for the fiscal year ended December 31, 2018 included in the Company's Annual Report on Form 10-K filed with the SEC on March 11, 2019.

(3) The amounts shown in column (i) in 2018 include the following for each named executive:

	Economic Value of Death Benefit of Life Insurance for Beneficiaries (\$)	401(k) Plan Company Matching Contributions (\$)	Other Insurance Benefit (\$)	Vacation (\$)	Severance (\$)	Auto Compensation (\$)
Christopher M. Courtney	1,043	18,375	—	17,409	—	7,800
Richard A. McCarty	449	13,875	—	10,732	—	7,800
David S. Harvey	1,769	18,375	—	22,578	—	5,100

Jeffrey A. Gall	35	13,875	—	9,812	—	5,100

The economic value of the death benefit amounts shown above reflects the annual income imputed to each executive in connection with Company-owned split-dollar life insurance policies for which the Company has fully paid the applicable premiums. These policies are discussed under the sections of this Proxy Statement titled, "Salary Continuation Agreements".

CEO Pay Ratio

The annual total compensation of Christopher M. Courtney, our Chief Executive Officer, was \$746,343 in fiscal 2018, as reflected in the Summary Compensation Table above. Based on reasonable estimates, the median annual total compensation of all employees of the Company and its subsidiaries, excluding our Chief Executive Officer, was \$50,216 for fiscal 2018. Accordingly, for fiscal 2018, the ratio of the total compensation of our Chief Executive Officer to the median of the annual total compensation of all of our other employees was 14.9 to 1. We identified a new median employee for 2018 based on all taxable wages earned in fiscal 2018 by each individual who was employed by the company on December 31, 2018. In our analysis, we annualized the compensation of any permanent employees that were not employed by the Company for all of 2018, and we did not exclude any individuals that were employed by the Company on December 31, 2018.

(2) The restricted stock awards vest 20% annually over five years beginning on 2/28/2019, subject to being a service provider through each vesting date, except in certain circumstances as described below in "Potential Payments Upon Termination or Change in Control".

Option Exercises and Vested Stock Awards

For the year ended December 31, 2018, there were no exercises or vesting of stock options and no vesting of shares of restricted stock for any of the named executive officers.

Funding of Salary Continuation Agreements Through Split-dollar Life Insurance Policies

Company-owned split-dollar life insurance policies support the Company's obligations under each Salary Continuation Agreement. The premiums on the policies are paid by the Company. The cash value accrued on the policies supports the payment of the supplemental benefits for each participant. In the case of death of the participant, the participant's designated beneficiaries may receive up to 100% of the net-at-risk insurance (which means amount of the death benefit in excess of the cash value of the policy).

The following table shows the present value of the accumulated benefit payable to each of the named executive officers, including the number of service years credited to each named executive officer under the salary continuation agreements:

Pension Benefits

Name (a)	Plan Name (b)	Number of Years Credited Service (#) (c)	Present Value of Accumulated Benefit(1)(2) (\$) (d)	Payments During Last Fiscal Year (\$) (e)
Christopher M. Courtney	Salary Continuation Agreement	17	899,382	0
Richard A. McCarty	Salary Continuation Agreement	17	687,333	0
David S. Harvey	Salary Continuation Agreement	10	666,207	0
Michael J. Rodrigues	Salary Continuation Agreement	10	151,446	0
Jeffrey A. Gall	Salary Continuation Agreement	2	35,553	0

(1) The amounts in column (d) were determined using interest rate and mortality rate assumptions consistent with those used in the Company's consolidated financial statements and include amounts which the named executive officer may not currently be entitled to receive because such amounts are not vested. Assumptions used in the calculation of these amounts are included in Note 19 to the Company's consolidated financial statements for the fiscal year ended December 31, 2018, included in the Company's Annual Report on Form 10-K filed with the SEC on March 11, 2019.

(2) The following vesting percentages apply to the named executive officers:

<u>End of the year prior to termination</u>	<u>Christopher M. Courtney</u>	<u>Richard A. McCarty</u>	<u>David S. Harvey</u>	<u>Michael J. Rodrigues</u>	<u>Jeffrey A. Gall</u>

Potential Payments Upon Change in Control

The Company does not have any agreement or other arrangement with any of our named executive officers in the event of a change of control involving the Company or a qualifying termination, other than the salary continuation agreements discussed on page 24 above, the three-year employment agreement that was entered into with Rick McCarty effective March 20, 2018 and the restricted award grants, which are subject to the provisions of the 2008 Equity Plan.

Mr. McCarty's agreement provides for severance pay in an amount equal to three months of Employee's current annual salary, payable in three equal monthly payments from date of such termination in the event of termination of employment other than for cause (as defined in the agreement) equal to the gross salary payable to the executive during the remainder of the term. In the event of a Change in Control, this agreement will automatically be terminated, in which case Mr. McCarty's will be entitled to severance pay under this agreement such that the net amount received by Mr. McCarty, after taking into account federal, state and local income taxes payable as a result of such severance payments equals two years' based salary based on the compensation in effect under this agreement plus the amount equal to the sum of the prior two years bonus (the "Severance Payment"). Notwithstanding the foregoing sentence, if the surviving, continuing, successor, or purchasing corporation, as the case may be (the "Acquiring Corporation"), enters into a new employment agreement with Mr. McCarty (the "Replacement Agreement") on terms acceptable to Mr. McCarty, which acceptance shall not be unreasonable withheld, his agreement will terminate but no severance payment will be due to him. Unless a Replacement Agreement is entered into on or before the Change in Control, the Company will pay the Severance Payment to him in a single lump sum payment on or before any such Change in Control.

In addition, except as set forth in an award agreement, the 2008 Plan provides that if the Company is not the surviving corporation following a change in control, and the surviving corporation following such change in control or the acquiring corporation (such surviving corporation or acquiring corporation, the "acquirer") does not assume the outstanding awards or does not substitute equivalent equity awards relating to the securities of such acquirer or its affiliates for such awards, then each award will fully vest and terminate upon the effective time of the change in control. Except as set forth in an award agreement, if the Company is the surviving corporation following a change in control, or the acquirer assumes the outstanding awards or substitutes equivalent equity awards relating to the securities of such acquirer or its affiliates for such awards, then all such awards or substituted awards will remain outstanding and will be governed by their respective terms and the provisions of the 2008 Plan.

In addition, if (i) a participant's status as a service provider is terminated without cause within 24 months following a change in control, and (ii) the Company is the surviving corporation following such change in control, or the acquirer assumes the outstanding awards or substitutes equivalent equity awards or such awards, then each award held by the participant will fully vest and terminate upon the related event.

Finally, if a named executive officer is of retirement age and retires, his restricted stock will fully vest upon his retirement pursuant to the terms of his restricted stock award agreement.

The table below sets forth the amounts that the named executive officers would derive in the event of (a) the retirement of the named executive officer, (b) early termination of the named executive officer or (c) the change in control of the Company, that in each case hypothetically occurred on December 31, 2018.

Name	Retirement (\$)	Early Termination (\$)	Change in Control Where Equity Awards are Assumed but No Qualifying Termination of Employment (\$)	Change in Control Where Equity Awards are Assumed but There is a Qualifying Termination of Employment (\$)	Change in Control Where Equity Awards are Not Assumed (\$)

Jeffrey A. Gall	916,875	0	916,875	936,046	936,046

(1) Mr. Harvey reached his retirement age of 65 as of December 31, 2018, therefore he is eligible for his full retirement benefit, and the early termination payment is not applicable.

(2) Mr. McCarty is eligible to receive \$1,200,000 from his Continuation Agreement, in addition to \$1,001,726 from his employment agreement dated March 20, 2018.

Director Compensation

This section provides information regarding the compensation policies for non-employee directors and amounts paid to these directors in 2018.

Overview

Our director compensation is designed to attract and retain qualified, independent directors to represent our shareholders on the Board and act in their best interests. The Compensation Committee, which consists solely of independent directors, has primary responsibility for reviewing and recommending any changes to our director compensation program. All recommended compensation changes required approval or ratification by the full Board of Directors. Compensation for the members of our Board is reviewed periodically by the Compensation Committee.

Our Board of Directors includes one Company officer: Mr. Christopher M. Courtney, who serves as the President and Chief Executive Officer of the Company. As a senior executive officer, information regarding the compensation of Mr. Courtney can be found in the “Executive Compensation Discussion and Analysis” and the executive compensation disclosure tables provided within this Proxy Statement.

Director Fees

In 2018, non-employee Directors received a cash retainer in the amount of \$3,000 per month. Directors who are employees do not receive any compensation for service as director.

The following table provides compensation information for the year ended December 31, 2018 for each non-employee Director of the Company at that time.

- (1) The amounts shown in column (f) for 2018 represent the director retirement agreements accrual from December 31, 2017 to December 31, 2018. The amounts in column (f) were determined using interest rate and mortality rate assumptions consistent with those used in the Company's consolidated financial statements and include amounts that the director may not currently be entitled to receive because such amounts are not vested. Assumptions used in the calculation of these amounts are included in Note 19 to the Company's consolidated financial statements for the fiscal year ended December 31, 2018 included in the Company's Annual Report on Form 10-K filed with the SEC on March 11, 2019.
- (2) The amounts in column (g) reflect the economic value of the annual income imputed to each director in connection with Company-owned split-dollar life insurance policies for which the Company has fully paid the applicable premiums.

Stock Options and Restricted Stock

None of the independent directors were granted any stock options during 2018. As of December 31, 2018, there were no directors that held outstanding, fully exercisable stock options to purchase common stock. In 2018, none of the independent directors were granted shares of restricted stock, except for Janet Pelton and Terrance Withrow who each received 5,000 shares. As of December 31, 2018, H. Randolph Holder held 3,000 shares of restricted stock, Janet Pelton held 5,000 shares of restricted stock and Terrance Withrow held 5,000 shares of restricted stock.

Director Retirement Agreements; Bank-Owned Life Insurance Policies

On August 21, 2001, the Board of Directors of the Bank authorized Director Retirement Agreements with each director. The Company assumed the Director Retirement Agreements upon its reorganization with the Bank in May 2008, as the same individuals who served as directors of the bank became directors of the Company. As of December 31, 2018, Messrs. Leonard, Withrow, Holder and Ms. Pelton were also parties to Director Retirement Agreements with the Company.

The Director Retirement Agreements are intended to encourage existing directors to remain directors, assuring us that we will have the benefit of the directors' experience and guidance in the years ahead.

For retirement after the later of age 72 or five (5) years of service (the "Normal Retirement Age"), the Director Retirement Agreements provide for an annual benefit during the director's lifetime of \$12,000 for 10 years. If a director retires or becomes disabled before the Normal Retirement Age, he will receive a lump-sum payment in an amount equal to the retirement liability balance accrued by the Bank at the time of early retirement or disability.

If a change in control occurs (as defined in the Director Retirement Agreements) and a director's service terminates within 24 months after the change in control, the director will receive the retirement liability balance accrued and payable to the director for retirement at the Normal Retirement Age.

The Bank has purchased insurance policies on the lives of its current directors, paying the premiums for these insurance policies with single premium payments totaling approximately \$3,644,000 in aggregate. Although the Bank expects the policies on the directors' lives to serve as a source of funds for benefits payable under the Director Retirement Agreements, the contractual entitlements arising under the Director Retirement Agreements are not funded and remain contractual liabilities of the Bank, payable upon each director's termination of service.

The policy interests are divided between us and each director. Under the Bank's Split-Dollar Agreements and Split Dollar Policy endorsements with the directors, we are entitled to any insurance policy death benefits remaining after payment to the director's beneficiary. We expect to recover the premium in full from its portion of the policies' death benefits.

If a director is terminated for cause, we will not pay any benefits under his Director Retirement Agreement. For this purpose, the term "cause" means a director's gross negligence or gross neglect of duties, fraud, disloyalty, dishonesty or willful violation of law or significant Company policies in connection with the director's service that results in an adverse effect on us.

The following table shows the present value of the accumulated benefit payable to each director who has a director compensation benefit agreement, including the number of service years credited to each director under the supplemental executive retirement plan.

The firm of RSM US LLP, in San Francisco, California served the Company as independent registered public accounting firm for 2018 and has been selected by the Audit Committee of the Board of Directors of the Company to serve the Company as independent registered public accounting firm for 2019. Prior to RSM US LLP, Moss Adams LLP acted as our independent registered public accounting firm. Moss Adams audited the Company's financial statements for the fiscal years ending December 31, 2017 and 2016. On March 20, 2018, in connection with its selection of RSM US LLP, the Audit Committee approved the dismissal of Moss Adams LLP. All Proxies will be voted "FOR" ratification of such selection unless authority to vote for the ratification of such selection is withheld or an abstention is noted.

Representatives from the accounting firm of RSM US LLP will be present at the meeting, will be afforded the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions. Representatives of Moss Adams, LLP are not expected to be present at the Meeting.

The reports of Moss Adams, LLP on the Company's consolidated financial statements for the years ended December 31, 2017 and 2016 did not contain an adverse opinion or a disclaimer of an opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal years ended December 31, 2017 and 2016 and through March 20, 2018, there were: (i) no disagreements within the meaning of Item 304(a)(1)(iv) of Regulation S-K and the related instructions between the Company and Moss Adams LLP on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Moss Adams LLP's satisfaction, would have caused Moss Adams LLP to make reference thereto in their reports, and, (ii) no "reportable events" within the meaning of Item 304(a)(1)(v) of Regulation S-K.

During the fiscal years ended December 31, 2017 and 2016, and through March 20, 2018, neither the Company nor anyone on its behalf has consulted with RSM US LLP regarding: (i) the application of accounting principles to a specific transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, and neither a written report nor oral advice was provided to the Company that RSM US LLP concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing, or financial reporting issue; (ii) any matter that was the subject of a disagreement within the meaning of Item 304(a)(1)(iv) of Regulation S-K and the related instructions; or (iii) any reportable event within the meaning of Item 304(a)(1)(v) of Regulation S-K.

Tax Fees. Tax services include fees for tax compliance, tax advice and tax planning. (1) The tax fees of \$10,500 paid to RSM US LLP during 2018 is a 50% partial billing for the tax services of fiscal 2018, the remainder of which is to be paid during 2019.

All Other Fees. Includes all other fees not related to audit and tax services.

The Audit Committee has determined that the provision of services, in addition to audit services, rendered by RSM US LLP and the fees paid therefore in fiscal year 2018 were compatible with maintaining RSM US LLP's independence.

The Audit Committee pre-approves all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent registered public accounting firm, subject to the de minimis exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act that are approved by the Audit Committee prior to the completion of the audit.

The Audit Committee has reviewed and discussed the audited financial statements for fiscal year 2018 with management and RSM US LLP. The Chief Executive Officer and the Chief Financial Officer of the Company have certified that, based on their knowledge, the financial statements and other financial information included in the Company's Annual Report on Form 10-K that we filed with the SEC on March 11, 2019 fairly present in all material respects the financial condition, results of operations and cash flows of the Company. Also, the Audit Committee has discussed with management and RSM US LLP management's assertion of the effectiveness of the Company's internal controls as they related to financial reporting.

Discussions were also held with RSM US LLP concerning matters required by the Statement on Auditing Standards No. 1301 (Communication with Audit Committees). The Company's independent auditors also provided to the Audit Committee the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and the Audit Committee discussed with RSM US LLP that firm's independence and considered the compatibility of non-audit services with RSM US' independence.

Based on the reviews and discussions referred to above, we recommend to the Board of Directors the inclusion of the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2018.

The Audit Committee has discussed with management and RSM US LLP independence issues regarding the fees that were billed by RSM US LLP during the fiscal year 2018. The Audit Committee approved audit, audit-related and tax services.

PROPOSAL NO. 3

NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with Section 14A of the Exchange Act, the Company seeks a non-binding advisory resolution to approve the compensation of the Company's Named Executive Officers, as described in detail under the Executive Compensation section of this Proxy Statement. The proposal will be presented at the annual meeting in the form of the following resolution:

RESOLVED, that the shareholders approve the compensation of Oak Valley Bancorp's named executive officers, as disclosed in the Compensation Discussion and Analysis, the compensation tables and related material in Oak Valley Bancorp's Proxy Statement for the 2019 annual meeting of shareholders.

This vote will not be binding on our Board of Directors or Compensation Committee and may not be construed as overruling a decision by the Board or create or imply any additional fiduciary duty on the Board. It will also not affect any compensation paid or awarded to any executive. The Compensation Committee and the Board may, however, take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors believes that the Company's compensation policies and procedures are centered on a pay-for-performance culture and are strongly aligned with the long-term interests of shareholders, and, accordingly, recommends a vote in favor of this proposal.

In the event this non-binding proposal is not approved by our shareholders, such a vote shall not be construed as overruling a decision by the Board of Directors or Compensation Committee, nor create or imply any additional fiduciary duty by the Board of Directors or Compensation Committee, nor shall such a vote be construed to restrict or limit the ability of our shareholders to make proposals for inclusion in Proxy Materials related to executive compensation. Notwithstanding the foregoing, the Board of Directors and Compensation Committee will consider the non-binding vote of our shareholders on this proposal when reviewing compensation policies and practices in the future. It is expected that the next say-on-pay vote will occur at the 2022 annual meeting of shareholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" APPROVAL OF A NON-BINDING ADVISORY RESOLUTION TO APPROVE THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.

PROPOSAL NO. 4

APPROVE A NON-BINDING ADVISORY VOTE ON THE FREQUENCY OF THE ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The Dodd-Frank Act requires us to provide shareholders with an advisory shareholder vote to determine how often to present the advisory shareholder vote to approve the compensation of our named executive officers (the “say-on-pay vote”). We must solicit your advisory vote on whether to have the say-on-pay vote every 1, 2 or 3 years. Shareholders may vote as to whether the say-on-pay vote should occur every 1, 2 or 3 years, or may abstain from voting on the matter. The frequency (every 1, 2 or 3 years) that receives the highest number of votes will be deemed to be the choice of the shareholders. The following resolution is presented to shareholders.

“RESOLVED, that the frequency for shareholders to approve the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, shall be every year, every two years, every three years shall be determined by the shareholders, with shareholders also being able to abstain on voting on this matter”

The next time shareholders will have an opportunity to vote on the frequency of the advisory shareholder vote to approve the compensation of our named executive officers will be in 2025. We value the opinion of our shareholders and welcome communication regarding our executive compensation policies and practices. After taking into account various considerations described below, we believe that a triennial vote will provide shareholders with the ability to express their views on our executive compensation policies and practices while providing us with an appropriate amount of time to consult with our shareholders and to consider their input.

Our executive compensation program is administered by our Corporate Governance Committee, as described in this proxy statement. Compensation decisions with respect to our named executive officers, are disclosed in our proxy statement. We believe that establishing a three-year time frame for holding shareholder advisory votes on executive compensation will both enhance shareholder communication and provide the Company time to consider, engage with and respond to shareholders, in terms of expressed concerns or other feedback. In addition, we believe a long-term focus will decrease the likelihood of a detrimental change in the Company’s executive compensation program made in response to short term economic or market fluctuations.

Although, as an advisory vote, this proposal is not binding upon the Company or the Board, the Board will carefully consider the shareholder vote on this matter, along with all other expressions of shareholder views it receives on this matter.

While you have the opportunity to vote for every 1, 2 or 3 years, or abstain from voting on the frequency of shareholders voting on “say-on-pay”, THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR A FREQUENCY OF EVERY 3 YEARS.
